

## Recommendations for a Roofer

Total Concepts Roofing

(603) 528-6767

Comments: Put on a metal roof. Very professional, cleaned up, didn't leave one screw. They were great and our new roof is great.

Steve Piper from Belmont

(603) 528-3531

Comments: Roofed cabins on Kinneho. He was great, managed his own transportation and completed the job when we weren't there. Great materials, work, and left the place immaculate.

Island Services"

Comments: We put a new roof on last fall and were pleased with all phases of the project and pricing was competitive. We highly recommend them.

Another person felt they did an excellent job in their workmanship and they removed the old shingles.
